Weather
National Weather Service forecast for Concord Pond area

Concord Pond

Delaware
Mon Nov 16 – Wed Nov 18, 2026 · Eastern Time · Largemouth

BITE ODDS · THIS CAST

7 /10 — Fair odds

0 2 4 6 8 10

PRESSURE	STORMS	WIND	SKY / RAIN	BASS STAGE	CROWD
+ Mostly stable	+ No lightning	− Up to 15 mph · open-water chop	+ Clear / sunny (~0%)	+ Fall transition	+ Weekday · lighter traffic

WEEK Early-week setup on this water — highs **57–64°F**, lows **31–33°F**, rain chance up to **~0%**. Story is wind — pick banks the breeze is hitting and keep crossings short.

THREE-DAY WEATHER

MONDAY NOV 16

57° F high

LOW	31°F
SKY	Mostly Sunny
WIND	NW 5–15 mph
RAIN	~0%
SUN	6:45 AM / 4:48 PM

Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.

TUESDAY NOV 17

60° F high

LOW	32°F
SKY	Sunny
WIND	NW 5–10 mph
RAIN	~0%
SUN	6:46 AM / 4:47 PM

Frame: Cold start — let the sun warm the shallows; the better bite often comes later in the day.

WEDNESDAY NOV 18

64° F high

LOW	33°F
SKY	Sunny
WIND	W 0–5 mph
RAIN	~0%
SUN	6:47 AM / 4:47 PM

Frame: Cold start — let the sun warm the shallows; the better bite often comes later in the day.

Window: Mon–Wed · Air: NW → W · Bite window: dawn + last light

HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (6:45 AM EST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Largemouth plan: Follow shad into the backs of creeks and flats 1-10 ft; spinnerbait, squarebill and topwater at a fast pace.**

BIOLOGY

BASS STAGE

Largemouth are in the fall transition — following bait into creeks and onto flats as water cools.

Basis: estimated water ~58°F — 75-day observed air record (NOAA ACIS) lagged for a pond (10-day response); no water-temperature gauge on the lake; air record trending falling

NATURAL FORAGE

What's on the menu: No dated forage report for this window turned up. The most likely meals are young perch and shiners where present, bluegill and sunfish around docks and weed edges, and crawfish on rock and gravel.

ALSO BITING

Also hot: Chain pickerel on the same weed edges you fish for bass, and yellow perch and crappie schooling over flats and brush as water cools. Check current state rules before you keep fish.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

WATER BOARD — LAKE CHEAT SHEET

FIXED Natural / small-impoundment water — no generation table. Check access rules and level notes with the managing agency before you go.

ITEM	NOTE	SOURCE
Clarity	Clarity is unconfirmed, so start with natural shad and bluegill colors and darken only if banks stain.	

ACCESS — BANK / KAYAK / BOAT

BANK

Concord Pond near Seaford covers about 78 acres, and shoreline access is limited, so fish the public ground near the DNREC ramp and Concord Pond Dam, which had spillway work in 2017. Work the dam area with a crankbait and a jig, and the nearby shoreline with a weedless worm. Leave room for trailers at the ramp.

KAYAK

Bank access is thin, so a kayak opens up most of Concord Pond. Launch at the DNREC ramp, which has room to turn a trailer. The Deep Creek inflow end is shallow and suits a paddle with a frog or wacky worm.

BOAT

The DNREC ramp has room to turn a trailer but no marked spaces. No-wake rules apply, so run small with an electric motor. Start on the dam area with a crankbait, then work up toward the shallow Deep Creek inflow with a spinnerbait and a Texas rig as fish slide shallow on overcast mornings.

LURE BOX

TOP

Walking topwater (bone / white) at first light. Hollow-body frog (white or black) over pads. Buzzbait along reed and grass edges.

MID

Bladed jig or spinnerbait (white / chartreuse shad). Squarebill crankbait (craw / shad) on wood and riprap. Swim jig through thin grass.

BOTTOM

Texas-rigged worm (green pumpkin / junebug). Flipping jig or creature bait in the thickest cover. Wacky or Ned rig on isolated targets.
