National Weather Service forecast for Twin Lakes area

# Twin Lakes

Iowa
Mon Nov 16 – Wed Nov 18, 2026 · Central Time · Largemouth

## BITE ODDS · THIS CAST

**6**/10 — Fair odds

0 2 4 6 8 10

| PRESSURE | STORMS | WIND | SKY / RAIN | BASS STAGE | CROWD |
|---|---|---|---|---|---|
| + Stable pattern | + No lightning | − Up to 22 mph · unsafe chop | + Clear / sunny (~11%) | ~ Fall transition | + Weekday · lighter traffic |

WEEK Early-week setup on this water — highs **55–61°F**, lows **37–42°F**, rain chance up to **~11%**. Story is wind — pick banks the breeze is hitting and keep crossings short.

## THREE-DAY WEATHER

### MONDAY NOV 16

**55°** F high

| | |
|---|---|
| LOW | 37°F |
| SKY | Sunny |
| WIND | SSW 6–14 mph |
| RAIN | ~0% |
| SUN | 7:10 AM / 4:55 PM |

*Frame: Cold start — let the sun warm the shallows; the better bite often comes later in the day.*

### TUESDAY NOV 17

**58°** F high

| | |
|---|---|
| LOW | 42°F |
| SKY | Partly Sunny |
| WIND | S 8–17 mph |
| RAIN | ~0% |
| SUN | 7:11 AM / 4:54 PM |

*Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.*

### WEDNESDAY NOV 18

**61°** F high

| | |
|---|---|
| LOW | 42°F |
| SKY | Mostly Sunny |
| WIND | S 14–22 mph |
| RAIN | ~11% |
| SUN | 7:13 AM / 4:54 PM |

*Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.*

Window: Mon–Wed · Air: SSW → S · Bite window: dawn + last light

## HOW TO FISH THIS WEATHER

### MORNING

- Shallow cover, points, creek mouths
- **First light (7:10 AM CST) → ~9 AM**
- Use any ripple as cover

### MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

### EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Largemouth plan: Slow down: steep points, channel drops and remaining grass just outside the creeks, between the fall flats and the 15-30 ft winter depth; suspending jerkbait with long pauses, jig-and-pig or blade bait crawled down the slope.**

## BIOLOGY

### BASS STAGE

**Largemouth are in the late fall transition — water under the mid-50s, so bass are sliding off the shallow flats toward steeper points and channel drops near their fall feeding areas.**

Basis: estimated water ~49°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response), adjusted by 1 nearby

### NATURAL FORAGE

**Pressure at Twin Lakes should stay lighter than a weekend, but the South Twin Lake public ramp corridor still draws after-work spinning rods.**

### ALSO BITING

**No roster note on file for this water.**

### PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

USGS lake gauge; no water-temperature gauge on the lake; air record trending falling

## WATER BOARD — LAKE CHEAT SHEET

FIXED Natural / small-impoundment water — no generation table. Check access rules and level notes with the managing agency before you go.

| ITEM | NOTE | SOURCE |
|---|---|---|
| Permit / regs | Bass / inland regs (Iowa statewide summary): black bass 15-inch minimum length, 3 fish daily creel unless a water-specific posting says otherwise. | |

## ACCESS — BANK / KAYAK / BOAT

### BANK

Walk the posted shoreline at the South Twin Lake public ramp (Calhoun County), then rotate to any open public banks you can reach without crossing private docks and the first South Twin ramp riprap you can cast from shore.

### KAYAK

Launch from the South Twin Lake public ramp and stay inside a short paddle of public shoreline for this window. The lighter air is workable if you keep the abort short — parallel South Twin ramp riprap near the ramp, then stake out on the best outside edge once the sun clears.

### BOAT

Run out from the South Twin Lake public ramp (Calhoun County) and keep the plan compact. Graph South Twin ramp riprap, shoreline timber, and short points before you burn fuel on a long open-water loop — this trip rewards a short list of edges.

## LURE BOX

### TOP

One walking topwater for calm dawn bait activity.

### MID

Pack a weightless stickbait in green pumpkin. A 3/8–1/2 oz spinnerbait or squarebill for the windblown edges.

### BOTTOM

A compact flipping jig with a craw trailer. A Texas-rig creature for thicker shoreline wood. A shaky head or drop-shot for clear midday water on the first break.
