BITE ODDS · THIS CAST

6/10

Fair odds

0 2 4 6 8 10

PRESSURE	STORMS	WIND	SKY / RAIN	BASS STAGE	CROWD
~ 12°F swing	+ No lightning	− Up to 15 mph · open-water chop	+ Clear / sunny (~11%)	+ Fall transition	+ Weekday · lighter traffic

WEEK Early-week setup on this water — highs **57–62°F**, lows **37–49°F**, rain chance up to **~11%**. Story is wind — pick banks the breeze is hitting and keep crossings short.

THREE-DAY WEATHER

MONDAY NOV 16

57° F high

LOW	37°F
SKY	Sunny
WIND	S 3–7 mph
RAIN	~0%
SUN	6:58 AM / 4:51 PM

Frame: Cold start — let the sun warm the shallows; the better bite often comes later in the day.

TUESDAY NOV 17

59° F high

LOW	42°F
SKY	Sunny
WIND	S 5–9 mph
RAIN	~0%
SUN	6:59 AM / 4:50 PM

Frame: Stable day — first-light moving bait, then slow down around shade and cover once the sun is up.

WEDNESDAY NOV 18

62° F high

LOW	49°F
SKY	Mostly Sunny
WIND	S 9–15 mph
RAIN	~11%
SUN	7:00 AM / 4:49 PM

Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.

Window: Mon–Wed · Air: S · Bite window: dawn + last light

HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (6:58 AM CST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Largemouth plan: Follow shad into the backs of creeks and flats 1-10 ft; spinnerbait, squarebill and topwater at a fast pace.**

BIOLOGY

BASS STAGE

Largemouth are in the fall transition — following bait into creeks and onto flats as water cools.

Basis: estimated water ~55°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response); no water-temperature gauge on the lake; air record trending falling

NATURAL FORAGE

Pressure at Lake Wapello should stay lighter than a weekend, but the Lake Wapello State Park public boat ramp corridor still draws after-work spinning rods.

ALSO BITING

No roster note on file for this water.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

WATER BOARD — LAKE CHEAT SHEET

FIXED Natural / small-impoundment water — no generation table. Check access rules and level notes with the managing agency before you go.

ITEM	NOTE	SOURCE
Permit / regs	Bass / inland regs (Iowa statewide summary): black bass 15-inch minimum length, 3 fish daily creel unless a water-specific posting says otherwise.	

ACCESS — BANK / KAYAK / BOAT

BANK

Walk the posted shoreline at the Lake Wapello State Park public boat ramp (Davis County), then rotate to any open public banks you can reach without crossing private docks and the first park timber you can cast from shore.

KAYAK

Launch from the Lake Wapello State Park public boat ramp and stay inside a short paddle of public shoreline for this window. The lighter air is workable if you keep the abort short — parallel park timber near the ramp, then stake out on the best outside edge once the sun clears.

BOAT

Run out from the Lake Wapello State Park public boat ramp (Davis County) and keep the plan compact. Graph park timber, ramp riprap, and shaded cuts before you burn fuel on a long open-water loop — this trip rewards a short list of edges.

LURE BOX

TOP

One walking topwater for calm dawn bait activity.

MID

Pack a weightless stickbait in green pumpkin. A 3/8–1/2 oz spinnerbait or squarebill for the windblown edges.

BOTTOM

A compact flipping jig with a craw trailer. A Texas-rig creature for thicker shoreline wood. A shaky head or drop-shot for clear midday water on the first break.
