HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (7:55 AM EST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

WINTER **Largemouth plan: Fish 15-30 ft bluff ends and channel swings; slow-roll a jig, blade bait or suspending jerkbait with long pauses.**

BIOLOGY

BASS STAGE

Largemouth are in the winter pattern — slow metabolism, holding deep and tight to structure.

Basis: estimated water ~47°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response); no water-temperature gauge on the lake; air record trending falling

NATURAL FORAGE

Afternoon, slide toward any sun-warmed pocket near the access and pitch a soft creature into shade under overhanging brush. The colder dawn is the softest paddle day of the window — ease around timber and legal dock shadows slowly.

ALSO BITING

Yellow perch & panfish. Cool nights pull perch and bluegill tighter to brush and the first drop.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

WATER BOARD — LAKE CHEAT SHEET

FIXED Natural / small-impoundment water — no generation table. Check access rules and level notes with the managing agency before you go.

ITEM	NOTE	SOURCE
Clarity	Natural greens and browns match stained shore water; flash gets the nod on the windblown bank when baitfish are pushed shallow.	

ACCESS — BANK / KAYAK / BOAT

BANK

Start at the Van Riper State Park public ramp on Lake Michigamme and walk the nearest riprap, grass, or wood edge you can reach without crossing private docks. Afternoon, slide toward any sun-warmed pocket near the access and pitch a soft creature into shade under overhanging brush.

KAYAK

Launch from the public access at Lake Michigamme and hug the protected shoreline as soon as you clear the ramp throat. The sun is fine for a short paddle, but keep the open middle for later if any breeze builds whitecaps.

BOAT

Trailering boats use the same public access: Van Riper State Park public ramp on Lake Michigamme. Confirm any length or motor notes on the posting at the ramp before you drop. Idle along the windward bank and keep casts short to wood and rock; save long runs or when the breeze dies.

LURE BOX

TOP

No topwater slot on file for this water — stay mid / bottom.

MID

No mid-depth slot on file for this water.

BOTTOM

One on a bottom contact bait so you can switch without re-tying when the frost bite turns. Natural greens and browns match stained shore water.
