HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (6:23 AM PST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Trout plan: Target inflows and shoreline drop-offs as water cools; spoons, spinners and streamers, moderate.**

BIOLOGY

BASS STAGE

Trout are in the fall transition — following bait into creeks and onto flats as water cools.

Basis: estimated water ~49°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response); no water-temperature gauge on the lake; air record trending falling

NATURAL FORAGE

Small natural profiles and flash in moderation fit clear sunny water.

ALSO BITING

Low-light rock and deeper breaks. Yellow perch.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

DAM & WATER — CONFIRM BEFORE YOU LAUNCH

FIXED Dam-controlled water. No shared generation/level feed this cycle — check the agency page the morning you fish; releases and pool levels change daily. Stay outside buoyed restricted zones.

ACCESS — BANK / KAYAK / BOAT

BANK

Cave Lake State Park shoreline and legal park banks near the ramp are the bank homes this week. Work first light with a presentation that matches rainbow trout, then slide to deeper rock or cover as the sun climbs. Pack layers for cool MT dawns, watch slick rock, and give other anglers room on the short weekday shoreline.

KAYAK

Cave Lake State Park protected shoreline suit a kayak on these light-wind days. Launch from established public ramps only, hug shoreline transitions early for rainbow trout, then slide to points as the sun warms the rock. Travel light so you can remount quickly if a weekday skier or workboat wakes the pocket.

BOAT

Run Cave Lake State Park ramp and open water at first light, then fan main-lake points and windward breaks as the sun climbs. Use electronics to find bait for rainbow trout, and idle through no-wake zones near ramps and swimming areas.

LURE BOX

TOP

Small spoons at dawn. Inline spinners near the dam. Dry flies on calm mornings.

MID

Nymphs and soft hackles. Small jigs under a float. Light spoons mid-depth.

BOTTOM

Heavier spoons under high sun. Egg patterns near inflow. Slow retrieves on the bottom.
