HOW TO FISH THIS WEATHER

MORNING
- Shallow cover, points, creek mouths
- **First light (6:40 AM PST) → ~9 AM**
- Use any ripple as cover

MIDDAY
- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING
- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Largemouth plan: Slow down: steep points, channel drops and remaining grass just outside the creeks, between the fall flats and the 15-30 ft winter depth; suspending jerkbait with long pauses, jig-and-pig or blade bait crawled down the slope.**

BIOLOGY

BASS STAGE

Largemouth are in the late fall transition — water under the mid-50s, so bass are sliding off the shallow flats toward steeper points and channel drops near their fall feeding areas.

Basis: estimated water ~52°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day

NATURAL FORAGE

Chrome, white, and natural shad finishes cover most sunny scenarios.

ALSO BITING

Channel catfish. Deeper holes toward evening.

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

ACCESS — BANK / KAYAK / BOAT

BANK

Rye Patch SRA public shoreline and accessible point tips near the Humboldt inlet are the weekday bank plays for wipers and white bass. Dawn-work small swimbaits along inlet points when bait shows, then slide to deeper SRA rock as sun climbs. Humboldt water can carry color — match lure brightness to what you see.

KAYAK

Launch at Rye Patch SRA and fish the Humboldt inlet and nearest SRA points before long main-pool crossings. Wipers and white bass want bait edges — follow birds and keep moves short. Light winds favor a kayak; still wear a PFD, carry a drift sock, and give bank anglers on SRA points room.

BOAT

Idle out of the SRA ramp at dawn, graph the Humboldt inlet and first SRA points for bait, then fan windward breaks if any breeze sets up. White bass and wipers reward mobile short hops more than camping one bank all morning.

LURE BOX

TOP

Small walking baits on calm dawns. Inline spinners near bait. Tiny swimbaits.

MID

1/4 oz jigs + soft plastics. Spoons on bait balls. Lipless cranks along points.

BOTTOM

Heavier jigs under high sun. Drop-shot on clear water. Carolina-rigged plastics.
