Seminoe Reservoir

Wyoming
Mon Nov 16 – Wed Nov 18, 2026 · Mountain Time · Walleye · Trout

BITE ODDS · THIS CAST

3/10 — Poor odds

0 2 4 6 8 10

PRESSURE	STORMS	WIND	SKY / RAIN	BASS STAGE	CROWD
− Unsettled · 15°F swing	+ No lightning	− Up to 35 mph · unsafe chop	~ Rain up to ~32%	+ Fall transition	+ Weekday · lighter traffic

WEEK Early-week setup on this water — highs **43–58°F**, lows **25–33°F**, rain chance up to **~32%**. Story is wind — pick banks the breeze is hitting and keep crossings short.

THREE-DAY WEATHER

MONDAY NOV 16

58° F high

LOW	33°F
SKY	Partly Sunny
WIND	SSW 5–20 mph
RAIN	~0%
SUN	6:58 AM / 4:45 PM

Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.

TUESDAY NOV 17

57° F high

LOW	28°F
SKY	Mostly Sunny then Chance Rain Showers
WIND	SSW 15–20 mph
RAIN	~32%
SUN	6:59 AM / 4:44 PM

Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.

WEDNESDAY NOV 18

43° F high

LOW	25°F
SKY	Mostly Sunny
WIND	WSW 20–35 mph
RAIN	~14%
SUN	7:00 AM / 4:43 PM

Frame: Breeziest day — use ripple on wind-blown banks and points; open-water chop is higher risk.

Window: Mon–Wed · Air: SSW → WSW · Bite window: dawn + last light

HOW TO FISH THIS WEATHER

MORNING

- Shallow cover, points, creek mouths
- **First light (6:58 AM MST) → ~9 AM**
- Use any ripple as cover

MIDDAY

- Shade lines, docks, deeper edges
- Electronics for bait height first
- Slow down once the sun is overhead

EVENING

- Revisit shallow shade as sun drops
- Topwater if the surface lays down
- Weekday traffic is lighter — work quiet pockets

FALL TRANSITION **Walleye plan: Fish rock and gravel 10-25 ft at low light; jig and minnow or troll stickbaits, moderate.**

BIOLOGY

BASS STAGE

Walleye are in the fall transition — following bait into creeks and onto flats as water cools.

Basis: estimated water ~49°F — 75-day observed air record (NOAA ACIS) lagged for a lake (14-day response); no water-temperature gauge on the lake; air record trending falling

NATURAL FORAGE

Seminoe is known for good numbers of walleye, and in fall they feed on young-of-the-year fish, including small walleye and other minnow-sized prey, around rock and along the first deep break.

ALSO BITING

Brown trout. Browns get more active as fall goes .

PRESSURE

Weekday traffic — lighter than the weekend. Fish early, give ramps and swim areas room.

DAM & WATER — GENERATION SCHEDULE

FIXED Dam-controlled water. No generation schedule posted by USACE NWDM for Mon Nov 16 – Wed Nov 18 — check the operator page the morning you fish; releases and pool levels change daily. Stay outside buoyed restricted zones.

ITEM	NOTE	SOURCE
Seminoe Dam & Reservoir	No generation schedule posted by USACE NWDM for Mon Nov 16 – Wed Nov 18	USACE NWDM
Permit / regs	Check regulations before you move.	
Clarity	Clear water and bright sun call for natural colors and 6–8 pound fluorocarbon.	

ACCESS — BANK / KAYAK / BOAT

BANK

Seminoe State Park's three campgrounds, North Red Hills, South Red Hills and Sunshine Beach, give bank anglers sand beaches and red-rock points close to the parking. The park is about 35 miles north of Sinclair on Carbon County Road 351, partly unpaved, so allow extra time.

KAYAK

Launch from the North Red Hills or South Red Hills ramp and dock, or carry in from a Sunshine Beach site, and stay on the protected coves and points near your launch. At dawn, anchor on a rock point and jig a crawler or a blade bait for walleye in 10–25 feet.

BOAT

The North Red Hills and South Red Hills ramps are the public launches in the park, and the Medicine Bow arm has its own ramp. At this low pool, confirm a ramp reaches deep enough water for your hull before you tow.

LURE BOX

TOP

Floating minnow plug twitched over rock on calm dawns. Small walking bait when bait dimples the surface at dusk. Bobber and crawler for shore trout.

MID

3" swimbait on a 1/4 oz jighead, perch or pearl. Small trolling spoon, silver or orange, for trout. Slim crankbait trolled along the 10–20 ft contour.

BOTTOM

1/4 oz jig tipped with a crawler on the 20–35 ft break. Bottom bouncer with a crawler harness. Blade bait or jigging spoon over marks.
